From Paris & NY to SoCo™

Louda from Paris in NY, showing off her latest creations

Direct From NY, it's Louda | Paris

The fashion industry knows no boundaries, and when SoCo™ meets SoHo, only great things can happen. We take great pleasure in introducing our friend Louda of Paris, and showing you some of her collection.

Her one-of-a-kind clothing can be found at Chanel, Christian Lacroix, Emanuel Ungaro, Thierry Mugler, and Gianfranco Ferré.

The look she exhibits can be considered art. Everyone, who wears one of her creations looks like a model.

The texture and colors are vibrant and the shape of each garment is very complementary to a variety of body types.
